DearFriends

March 4th went well. 170 joined us as we celebrated our 50th spiritual birthdays.

If you would like a CD or tape of my testimony and message, let us know and we will send it!

We also have on DVD the Keswick services of Drena & my stepping down and the induction of Peter & Win. We would love to send it to you!

There will be a delay with Logos Hope as we are having difficulty finding the right shipyard at the right price.

Logos II will continue in ministry for another year due to the Logos Hope delay.

Drena and I, and our helper Michael Kaspar just returned from a major ministry trip in five different nations, especially Australia where we had 26 meetings in 6 cities over three weekends. Our work there, under the leadership of Jonathan and Kate Rodwell is really going well and growing.

We want to thank all of you who have been standing with us in prayer and support.

Thank you for your many messages to us for our 50th spiritual birthday. 170 came to the 'party' and we had a great time. If you would like a tape or CD of my testimony and message, we'd be happy to send it to you.

The Tsunami continues in our hearts and minds. Thanks for your help in response to the appeal; we will be involved in this for many years to come.

In Southeast London there are over 50 OM people working in many different ministries. The hub for our work and fellowship is still

the wonderful place that God provided at 39 Honor Oak Road, Forest Hill. Our Tuesday prayer evening continues, which by the way, celebrated its 40th year.

Peter and Melanie Mead with their three girls, Hannah, Aliyah and Mariah have joined the Fellowship and at present live next door to us here in West Wickham. Special Projects is helping them launch a global teaching and preaching ministry. I hope that many of you who receive this will get to hear him speak on some occasion. He would be great for your church's next missions conference. Gareth and Malou Bolton have had a similar ministry for many years as well as others based here. In Special Projects we are trying to support all of these people and their ministries. It is exciting and we are believing God for great things in the months and years to come. You can help make this happen.

We are trying to make some changes to be more effective. I do not lead this

Fellowship, but Drena and I, together with our Special Projects team, are part of it.

We have some important staff needs, especially someone who can help type letters that I put on a Dictaphone.

We need funds right now for key Bibles and literature projects in a number of languages. Could you please consider sending something for this? Do you have any church or friend that might be interested in supporting Special Projects? I would be happy to speak on the phone to any possible supporter or partner.

We, and the people we support are being hit hard with the decreased value of the dollar and the increase of costs. I'm sure many of you who get this are experiencing the same thing and that is why we try to pray for each person who gets this letter. Don't hesitate to send any specific prayer requests.

Let us hear from you!

George and Drena Verwer

The needs in connection against the battle of HIV/AIDS are great.

*We are pushing a new book written especially for the Western World called, **Skeptics Guide to the Global Aids Crisis.** We would love to send you up to 10 free copies, just ask us.*

Because Special Projects is quite small and we are only a few people, I find that people don't take us seriously and we are praying for wisdom on how to change this. We believe we are in the center of God's will and what we are doing now is as equally important as to what we were doing before.

We are in touch with hundreds of cutting edge, vital people and ministries in and out of OM and requests are pouring in from around the globe for prayer and finance. Your support is enabling us to respond to these needs and please believe me, your generosity does make a difference.

We would ask prayer for the wisdom we need for each open door and request. We are trying hard to be good stewards of all finance that God supplies. Almost all money received in our meetings, including some large offerings, goes into Special Projects.

Gifts for Special Projects can be sent to us here or to any OM office. If you would like to receive this by email rather than by post, let us know.
