

Special Projects & Verwer's Ministry Letter

PO Box 17 Bromley, Kent England BR1 3JP Street address: 62A Glebe Way, West Wickham, Kent BR4 0RL

September 2006

Dear Friends

Greetings. It's hard to believe that summer has gone by and we're headed into the last quarter of 2006.

We really want to thank you for every email and letter you have sent our way. It is so good to hear from those who are standing with us in this ministry. Your support, friendship and partnership is very important to us.

Trust you liked the last London Link Letter that Mike Wakely produced. Any feedback would be helpful.

Books, books, books

Do you know Randy Alcorn's powerful small book ***The Treasure Principle***? Randy supports our ministry and makes this book available on a special basis. Please let us know where we can send you your free copy. (Postage would be appreciated)

We now have extra copies of my book **Out of the Comfort Zone** and would love to send you some copies.

I recently met with the main leader of the Dalit People of India, Udit Raj. He wrote the preface in Joseph D'Souza's book **Dalit Freedom Now and Forever** that is a must read for Christians and non-Christians. (Where can I send your free copy?)

What God is doing among these people, there are close to 200 million of them, is one of the most important ministries we have ever been involved with. It is so huge that a separate organisation has been born, The Dalit Freedom Network. If you want more information check out their website **www.dalitnetwork.org**

Special Projects Team

Nigel Barham, my new helper, is settling in well and I know will be a huge help and encouragement to us this year.

Nathan Smith is staying on as part of Special Projects Ministries in a 'graduate' program where he will work and minister in four or five different OM fields.

Jessika Houston has come back to help Drena until January. PTL!

Moira ter Laag continues to help type the letters that I dictate as does

Sheela Thomas. Sheela will be leaving in January to work with Rose Hack with OM's HIV ministry in South Africa.

Cherith Porter helps us once a week. She sends out all our letters putting in all the enclosures. A great help!

We are grateful for the summer typing help we had. Thank **you Rebecca Hey** and **Caroly Rendel.**

So much of Special Projects is held together by my secretary/PA Vera Zabramski who has been doing this work and ministry for twenty-five years. Pray for her mom who is not well.

MMN

Since the mid-nineties, Special Projects has funded the Mission Mobilisation Network which once was a vital part of the AD2000 & Beyond Movement with Luis Bush. It is now connected with the Mission Commission of WEA.

Chacko Thomas and **Hikari Matsuzaki**, based in Forest Hill, have carried the leadership. Hikari now feels she should return to Japan. Without funds and an administrative leader, we cannot continue. We are connected with thousands of people around the globe. We need and would appreciate your prayers.

Would you pray for greater financial breakthroughs? I know most of you who get this letter are over-committed and can't send much to Special Projects, but you can pray and I believe God will answer our prayers. The needs and the requests coming to us are very great and we want to respond in a positive way.

Projects we're involved in:

■ Support some very key national workers and we want to be able to continue that.

■ Leadership, recruiting development and encouragement are a vital part of our ministry.

■ Many OM teams and fields are in need of key books and DVDs right now. They have limited budgets for literature, could you help us supply more books to OM teams?

■ Sometimes even top leaders make mistakes because they read some of the wrong books or articles. We want to supply the right books and we want to help and influence especially young leaders to make the right choices.

There is an avalanche of extreme teaching (some of it from Christian TV) that continues to hit the Body of Christ. We must try to flood out biblical and grace-awakened materials in all forms, including our websites to help people through this jungle of teaching and confusion.

Praying for you

When I say that I want to pray for you, I really mean it. I pray for a high percentage of all you who receive this letter. When you write or email, please let me have specific prayer requests. I would also love to know more about your local church.

We have had serious partnership with local churches from the very birth of the movement and it is very important. Most of our long-term workers have been sent out as in Acts 13.

You are vital to help us make this happen. Please check my website georgeverwer.com You can also go into other key sites through my website. Sign up and become a 'member'.

I'm on Skype. Skype name is **george.verwer**

God bless you
