

Special Projects & Verwer's Ministry Letter

PO Box 17 Bromley, Kent England BR1 3JP

Street address: 62A Glebe Way, West Wickham, Kent BR4 0RL

February 2006

Dear Friends and Prayer Partners

I'm sitting here in Cardiff at a CU meeting. Hard to believe that I have taken hundreds of such meetings over the past 44 years all over the UK! The motivation to teach, mobilize and recruit for missions seems as strong as ever. Thanks for praying on the basis of Matthew 9:37-38.

The week in Nigeria the beginning of January was overwhelming as I poured my heart out to over 4000 people, many of whom were pastors and leaders. A huge amount of literature went out.

December was a breakthrough month financially for Special Projects and we want to thank all who participated and gave. We are now able to go forward with projects that we have been holding back. We have a long way to go, if you or your church could put us in your budget for 2006, we would be very encouraged indeed.

I could write pages about the literature aspect of the ministry God has given us. Your gifts have helped us partner with key book projects in many languages. We often get key books for less than 50 pence (85 cents). Bibles and New Testaments cost more but still remain a priority.

Nathan Smith, my helper who travels with me most of the time has been going the extra mile with our book tables. We are seeing the results in increased distribution. Pray that the books will make an impact.

I did a one-page summary of my preaching ministry last year. Check it out on my website or request it. Nigel Barham, my next helper beginning the end of August, has been able to get 40 of my audio messages on MP3 format. You can download them from my webpage: georgeverwer.com.

I just finished meeting with Kenny Gan and Mike Wakely in my office at **Forest Hill**. Together we make up the leadership team. Here are some specific requests for the wider Fellowship of OM here in Southeast London.

* **Gareth and Malou Bolton** took over 300 meetings around the globe last year. They need prayer for all they are facing in 2006

* **Howard and Nora Norrish** with Crescent Consultants seem to have more irons in the fire than we can count. They also have many meetings in various parts of the world.

* The love that **Mike & Kerstin Wakely** have for the people of Pakistan led them to start **Starfish**, a separate Trust to help the poor and disenfranchised of that needy land. Write us and request a free powerful DVD and literature about this fund.

* We are all committed to **India** and are so thrilled that we have **Molly Cook** and **Rosemary Morris** based at Forest Hill. They help all of us to stay more informed and proactive. We are promoting the cause of the **Dalits** of India. We would like to send you Joseph D'Souza's book about them as a gift. Postage costs would be helpful.

In closing we can honestly say that God has given us huge open doors and a cutting-edge ministry. Its your support and prayers that are making it happen and make all the difference. Thank you.

Hoping to hear from you.

In His grace and grip

George and Drena Verwer

Some Special Project Funds

- HIV/AIDS Fund
- Bible & Scripture Fund
- Leadership Encouragement
- Scholarships—OM Children
- Development Fund
- Mission Mobilization materials

He is no fool who gives what
he cannot keep to gain what
he cannot lose
